

PLME ESSAY QUESTIONS

Check out our guide on how to write stellar supplemental and PLME essays for the The Brown University Supplemental Essay Questions.

A love for interacting with other people and learning about them is a key component in being a doctor, so make sure to illustrate this point through your experiences. Not sure how to get started with the Common App? What values and experiences have led you to believe that becoming a doctor in medicine is the right fit for you? Everything I learned built up to my ultimate desire to study the two subjects in college. Most of them have multiple neurological disorders. The program prides itself on this diversity, so explain how your passions and interests are disparate, but also connected to your overall identity. The first step is to take the time to ponder what it is about your selected subject that you really gravitate towards, and try to establish exactly why you want to study that subject or subjects. Rather than talking about a close relation who was hospitalized, which can easily become cliché, talk about how your experience volunteering in patient care or shadowing shaped how you view the profession. Nevertheless balancing work and school remained incredibly hard. Regarding professional goals, you could talk about how being a part of the PLME would mean the rare once in a lifetime chance of satisfying all your intellectual curiosities in undergrad while being able to go to medical school and become a doctor. This could be thought of in matters of race and economic status, or in regards to the specific people surrounding you. When planning your responses to the supplementary prompts, the essays should be considered collectively – they should be used tactically to represent a well-rounded portfolio of your characteristics, experiences and positive qualities. These reasons may include clinical and laboratory experience, as well as a general passion to improve the well being of others. Typically, pre-med students would have to complete their medical school applications during senior year of college. Regarding professional goals, you could talk about how being a part of the PLME would mean the rare once in a lifetime chance of satisfying all your intellectual curiosities in undergrad while being able to go to medical school and become a doctor. Our free webinar will tell you everything you need to know about filling out the Common App and what mistakes to avoid. If you have a tension in identity that comes from being a minority group, or by simply being in a new environment, talk about how you dealt with that, or how that has shaped your identity. In order to graduate, students need only to complete their concentration requirements, as well as two writing class requirements. This is also where letting others read your essay could be helpful, because my readers definitely asked questions that made me reevaluate my material. If you dedicate yourself to any group, community, or place, and write candidly about your experience, the passion will inevitably show to the reader. You may share with us a skill or concept that you found challenging and rewarding to learn, or any experiences beyond course work that may have broadened your interest. So how exactly did I start? The key here is to convince the readers that you are a good fit in this specific program, rather than as a Brown student who takes a few RISD classes or a RISD student who takes a few Brown classes. Students can thus craft an interdisciplinary education that allows them to pursue interests outside of the narrow pre-med curriculum. In order to do so, they must notify the university by September 15th of their senior year. I believe that nothing is as important, not wealth, power, or class, as a healthy society. For example, by tutoring students learning English as a second language, you have grown in empathy for those who lack the resources to get the educational catch-up they need, mirroring how you yourself struggled learning English in your Spanish dominated home. Hone in on a breakthrough moment in the year, whether that was a specific tournament or a significant practice session. As you have seen, Brown University requires numerous supplemental essays, many of which you may struggle with.
